WILSON'S MEXICAN POLICY LAMBASTED BY G.O.P. SPOKESMAN

Governor Sproul's Keynote Speech Outlines Policies of Republicans.

Confident People Will Endorse Policies to be Part of Platform.

Economy And "Business Management" Favored.

(By Associated Press.)

Washington, December 10. — Governor Sproul, of Pennsylvania, in a keynote speech at the meeting today of the Republican National Committee, attacked the administration's Mexican policy and declared the republican party approached the coming presidential campaign with confidence that the people would endorse its policies.

His outline of these included a better relation between capital and labor, economy and business management in administration, a firm handling of the Mexican situation, restoration of Americanism and constitutional government and a sound solution of the railroad problem.

Referring briefly to the question of peace the governor declared the republican citizenship had "endeavored to co-operate in the conclusion of the matter with only such limitations as will preserve to this republic its full right to determine its own affairs" under the constitution.

Selection of the convention city was expected to be made late today. Chicago still was a favorite but St. Louis was making a stubborn fight for the honor. Indications pointed to choosing June 8th as the convention date.

THE POWER YOU PAY FOR

You pay for power according to the fuel your motor burns. Whether that cost is much or little is determined, to a great extent, by the kind of oil you put in your crank case.

Jesco Automobile Oil

is the oil that helps cut your fuel bill and saves your motor. Why? It effects a perfect seal between the piston and the cylinder walls, thus preventing the loss of power at that point, making possible the deliverance of full force of explosion against piston.

No difference what oil you have been using and how long you have used it, don't be satisfied that you have the right oil until you make a test of JESCO OIL. We think so much of it, and know so well what it is, that we stamp it as our very own.

There will be a reception for all World War Veterans, whether you belong to the American Legion or not, at the Community House, Camp Sherman at 8 p. m. December 16th, 1919. At which time an opportunity will be given every Veteran to personally meet their old Commanding General.

It is desired that as many as possible wear their old uniforms, but if your uniform is not in condition, come anyway in your "civvies". Bring your wives, sweethearts and sisters for the Big Dance that will follow the Reception.

Everybody Out! Let's show Jack Pershing that Ross and Fayette Counties are on the map, and that the "livest" bunch in these Counties are the Ex-Service men.

Farmers Organizations

The farmers of America are getting together in a better organization of local and affiliated granges and "bureaus" than ever obtained before and, in fact, better than the great majority of people believed was possible only a few years ago.

The farmers are like the newspapers—strong believers in individual effort and not inclined to band together save on urgent necessity. That necessity produced, largely, by the perfection of organization in almost every other line of industrial and commercial activity, has caused the farmers, for self protection to perfect county, state and national organizations.

The farmers constitute the great mass of the American producers and consumers. They are believers in the efficacy of work, they are thrifty and far-seeing, self supporting and wholesomely independent in social and business affairs.

The farmers are not yet converted (and it is not probable they ever will be) to the doctrine of shorter hours and more pay. The farmers, while great employers of labor, are themselves laborers and, as a consequence, they cannot consistently, and will not, permit their organizations to be affiliated with either the Federation of Labor or with any one of those of the employers. They are on the high vantage ground where both of the extreme groups must ultimately meet.

In short, the farmers are the very backbone of the nation and to them, holding to the safe, conservative, common sense and patriotic principles as furnishing the solution of all problems, industrial and commercial, the world must look as the greatest and the safest power in the nation.

Looks Better

The members of the general assembly of Ohio have, in the few short days that they have been in action, given some very substantial indications of their determination to go slow in adopting an ultra radical program of taxation to raise the increased and increasing revenues needed to pay the cost of running the governmental machinery of the state, counties and municipalities.

There is no denial possible of the assertion that the general assembly faces a gigantic task in providing to meet the heavy expenses of the political subdivisions, many of which are now practically bankrupt. It seems probable, though, in rejection of some of the extreme suggestions of the joint taxation committee that the members have heard from the folks at home and are concluding that it would be the part of wisdom to harken to the demand for a reduction of expenses first and then after cost has been cut to the bone, to make provision for raising the money actually needed, with laws as conservative as possible.

What Of The Treaty

It seems reasonable to presume, from the absence of any announced plan of further procedure by President Wilson, that the responsibility for any other initiative in the all-important matter of concluding a permanent peace with Germany and her allies and establishing the status of the United States among the nations under the new order of things, is left with the Senate.

It seems reasonably certain, too, that President Wilson has determined to eliminate himself from any further parleys regarding the peace treaty, leaving the senators free to work out any compromise possible or to launch any new plan they may agree upon, even to sending new commissioners to Europe, a plan which, of course, would require the consent of all participating nations and exceedingly unlikely of acceptance by our allies.

The treaty is not dead, formally. Senator Lodge's assertion that the treaty was dead is only true if the opposing senators refuse to again take up its consideration. For the present the peace treaty is only pigeon-holed. It can be taken out at any time, dusted off and adopted, the Senate being willing. No formal rejection of the treaty has been voted by the Senate and it seems unlikely that such action will be taken.

Under the constitution the power to negotiate treaties is vested exclusively in the chief executive, who must have, to make any treaty effective, the advice and consent of two-thirds of the Senate.

The greatest treaty of all time takes its place in the pigeon-holes of the legislative halls along with many other urgent demands of the people, awaiting the pleasure of the senators and political developments, for further attention and final action.

In view of the constitutional grant of treaty-making power the developments of the future promise to be interesting and novel as well as vitally important.

POETRY FOR TODAY

TEARS

When I consider life and its few years—
A wisp of fog betwixt us and the sun;
A call to battle, and the battle done
Ere the last echo dies within our ears;
A rose choked in the grass; an hour of fears;
The gusts that past a darkening shore do beat;
The burst of music down an unlistening street—
I wonder at the idleness of tears.
Le old, old dead, and yet of yester-night,
Chieftains, and bards, and keepers of the sheep,
By every cup of sorrow that you had,
Loose me from tears, and make me see aright
How each hath back what once he stayed to weep;
Homer his sight, David his little lad—

Dr. Edwards' Olive Tablets Get
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

Red-blooded Men in Demand

Each Year Pepto-Mangan restores Thousands to the Red-blooded Class.

Modern business can't wait for the easily-exhausted, nervous, weak-bodied man or woman. Every executive is on the constant lookout for enthusiastic vigorous, red-blooded individuals, for he knows that with a strong body and a keen mind, such employees can easily stand the strain of heavy responsibilities, quickly master their work and develop into important positions.

After all, being "live," energetic, and full-blooded is just a matter of whether or not a man or woman believes a healthy physical condition worth while, for unless you are afflicted with some deep-seated ailment, the intelligent use of Gude's Pepto-Mangan is all that is usually necessary.

Gude's Pepto-Mangan soon produces marked beneficial results. The tired, worn-out, rundown feeling disappears. And in its stead a vigorous wholesomeness and happiness proves that the blood has been supplied with the sorely needed richness to supply the entire system with renewed strength.

When you buy Pepto-Mangan at your drugist's, be sure the name "Gude's" is on the package. You can get it in either liquid or tablet form. If the name "Gude's" is not on the package it is not Pepto-Mangan. adv.

IT STOPPED MY CATARRH

"I had it for years. My throat bothered me greatly.

I WAS ALL RUNDOWN
BUT FEELING O K NOW

I had catarrh for years and I caught cold altogether too easy and when I did my eyes would water, my throat would all choke up and I had to be clearing it continually," declared a man who found Earle's Hypo-Cod the finest thing out for banishing such wintry troubles.

"I had had this catarrh so long I was all rundown and didn't feel a bit good. I was lacking a good appetite too when I took Earle's Hypo-Cod but I feel better all over now. I can walk twice as far. Earle's Hypo-Cod is surely the medicine for such troubles," continued Mr. Rocky Schaffer who is well known all over Dayton. Mr. Schaffer was born and raised in Dayton and for years was in the shoe business, finally retiring and now residing with his daughter at 107 Clemmer Street.

Elderly people are often bothered with catarrhal, bronchial and esth-matic affection and they should take Cod Liver Oil every year at this time. Malt extract is also fine and with the Compound Syrup of Hypophosphites is splendid. Earle's Hypo-Cod is so much more powerful and so much more pleasant to take that it is wiser to get Earle's Hypo-Cod than take the less palatable preparations which so often upset the stomach.

Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's drug stores and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

A charming Christmas program was presented by the Cecilians at their meeting of Tuesday afternoon, Mrs. Nina M. Craig presiding.

A delightful introductory number, was a brief synopsis of "The Wayfarer" the wonderful centenary pageant, given by Mrs. Craig, its most appealing musical numbers artistically played by Mrs. Elva H. Kelley.

Mrs. Lillie G. Davis read a clever letter answering a little girl's query, "Is there a Santa Claus?" by saying "of course there is a Santa Claus and

will be for a million years."

A beautiful Christmas legend was read by Mrs. Lulu H. Robinson and Miss Minnie Light presented a most interesting paper on "Christmas Carols," their origin in the beautiful old English custom which has come down to the present. They are still sung Christmas eve in the East end of London.

Mrs. Morna B. Chapman captivated her audiences with her playing of Betty's Music Box—Jacobs Bond. Mrs. Amy Hudson sang charming-

ly Neidlinger's pretty Christmas song "The Manger Cradle," and Mrs. Mary G. Burgett's sympathetic rendition of "The Christ Child," was lovely.

Mrs. Lulu H. Sheets' piano solo, "Misericordia"—Nevin and Mrs. Meri McF. Gossard's piano rendition, "Slumber Sweetly"—Beaumont—were both very attractive numbers and Mrs. Mabel Hays played 3 numbers in effective contrast. Mrs. Hays, who became a member of Cecilians during the past year is a finished pianist and a decided acquisition to the club.

In closing Mrs. Craig read one of the old, old Christmas Carols, "Good King Wenceslas."

The hostesses were Miss Del Lannum, Mrs. Jessie L. Smith and Mrs. Mable Hays. Mrs. George Kirk of New Holland was a guest.

The Kensington recently given by the W. R. C. at their hall was a success both financially and in point of attendance.

Mrs. Sarah Sollars was chairman of the affair and had arranged a short musical program as part of the entertainment.

Miss Annette Stafford opened the program with a brilliant piano solo. Mrs. Laura Gregg sang "Mother McChree" with much expression and responded to an encore. Mrs. Ella Wills accompanied the singer.

The closing number was a beautiful piano solo by Mrs. Wills.

After the program, delicious refreshments were served and a social hour enjoyed.

During the afternoon several new comforts were lined and knotted. These are for the Christmas box sent each year to the Sandusky Soldiers' Home by the W. R. C. About forty women, including several guests, enjoyed the affair.

The marriage of Miss Ethel Roebuck, daughter of Mr. and Mrs. E. F. Roebuck of near Bloomingburg and Mr. O. C. Hess, of Akron, is being learned with much interest by friends in this county.

The ceremony was performed September thirtieth in Akron, where the

bride for the past two years has held a position with the Firestone Rubber Company.

Mr. Hess is employed by the Good-year Rubber Company of Akron in which city their home will be made.

Friends are offering congratulations.

Honoring the seventh birthday of her nephew, Willard McLean, Mrs. Earl Barnett gave a very pretty little birthday dinner Monday evening.

Five little boys, Russell McLean, Paul Jones, Dean Brownell, Edgar Barnett, Robert Barnett were seated with the young honor guest at a table exceedingly pretty and Christmassy. The center of the table presented a Christmas picture that aroused the boys to hilarious glee. Santa Claus was coming out of a cleverly built up chimney, from which hung over bright colored ribbons which, when pulled by the guests, drew from the inside of the chimney well filled Christmas stockings.

There was a beautiful birthday cake and the favors were tiny Santa Clauses carrying little boxes of bonbons.

Mrs. Barnett was assisted by her sister, Miss Myrtle McCoy in entertaining the boys.

Don't think because the Christmas Red Cross Seal drive is over that there are no more seals to be had. They are now on sale at Rodecker's News Stand, Stutson's, Craig's and Haynes' stores and it is hoped that there will still be liberal purchases and the result of the splendid drive will be made even more gratifying in an increased amount sold.

The popularity of the dances given by the Pythian Sisters defied the wretched night of Tuesday and drew out a gratifying attendance of fifty couples.

The music, furnished by Harvey's five piece orchestra, was exceptionally good and the evening much enjoyed.

A fine program was given at Tuesday night's meeting of the Browning Club, by the Department of Household Economics, with Miss Jean Howat acting as Chairman.

Mrs. Julia Dahl presented a most interesting paper on "French Characteristics," bringing out clearly the different phases of character of the French in both the higher and humbler walks of life.

"Among the nations of the earth there exists no more striking contrast than that between the people of Paris and the people of France. The capital is a political furnace, where all sorts of conflicting ideas and opinions are continually boiling; in the provinces, town life drags through its monotonous days, absorbed in dull provincial interests, and rural life knows no changes or menaces than the seasons. The general French characteristic is excitability."

"On a Farm in France" was the subject of a well written paper by Mrs. Olive Teeters, in which the club women were given delightful glimpses of farm life in France.

In northern France are raised about the same grains that grow in the U. S. and in the southern part are large groves of oranges, lemons, olives and great mulberry orchards for the rearing of silkworms for the silk industry. Many whole provinces are devoted to the culture of the grape. The whole valley of the Loire is one continued vineyard.

The farmer's wife in France is a very capable and hard working woman, up early, seeing to everything herself and ruling all her carters and plow boys with a heavy hand. Once a week on market day, she takes her cheese to the market town, driving herself, in a high gig often coming home with a cow bought at market tied to the wagon behind her."

The Club was much indebted to Mr. Hugh Kennedy, who gave a most interesting talk on French home life, perhaps more especially home surroundings. It was Mr. Kennedy's privilege to attend the French University at Nancy from March 4th, 1919 to the 1st of July.

The experiences of a life time were all packed into a year, and some of those impressions are difficult, almost impossible, to describe. To quote his own words: "A kitchen of a home I visited had the most enormous and picturesque fire place I have ever seen, with all its accompaniment of smoked meats and dried vegetables hanging from the blackened timbers above."

"The villagers go to bed very early get up early, and do a vast amount of hard work in what seems to us an antiquated manner."

"The women are harder workers than the men, and even on the coldest days the village wash trough was surrounded by women washing for the American soldier."

While attending the University at Nancy Mr. Kennedy was billeted in a house of a better class, with beautiful grounds in which were stately and ornamental shrubbery. In closing he gave some intimate glimpses of this home and showed quite a number

WIRELESS PLANT OBTAINS LICENSE

Lyon Galloway, local amateur wireless operator, has just been reissued his license, which was taken away from all amateur operators during the war.

Mr. Galloway, whose station here was dismantled at the order of the government during the war, now has his plant rebuilt and in operation and is sending and receiving messages. The station is as powerful as amateurs are permitted to have, and Mr. Galloway can receive transcontinental and trans-Atlantic messages. He hopes to receive foreign stations soon. His sending apparatus has a radius of 500 miles.

Mr. Galloway's wireless call is 8 C. C., this being the eighth district. Besides his local experience Mr. Galloway was in the radio service in the navy and took special work in wireless at Harvard University—Xenia Gazette.

At the present time there are no wireless plants in this city, although at one time a plant was located here which was capable and did receive messages from Columbus as well as send them for a considerable distance.

A Place of Distinction for the Cleveland Six

America has given welcome, in no mistakable terms, to the new Cleveland Six. This car, sensation of the year in the world of motordom, found a place waiting for it, a place of distinction.

Indeed, it establishes its own place. For there has been no other light car of similar quality at similar price. There is no other now. The Cleveland Six, product of men skilled in the design and building of fine cars, reflects in every detail the genius and sincerity of its makers. doesn't merely run. It's alive with power and speed.

COURTSHIP AND WOMAN'S LOVE' LECTURE THEME

"Courtship and Woman's Love," was the subject of another interesting address by Dr. Aspinall McCuaig at the Grace Methodist Church Tuesday evening before an audience that filled the huge auditorium. For an hour and a half men and women gave him their undivided attention while he discussed courtship and love and its relation to conjugal happiness.

Wednesday evening Dr. McCuaig will speak on "Why Do Men Cease to Love Women After Marriage."

Thursday afternoon at Grace Church, Dr. McCuaig will deliver the fourth of his special lectures to women. His subject will be "Hereditry." "The period of courtship in a girl's life," declared the speaker Tuesday evening, "is the most critical period of her experience—the time when the wonder of love is unfolding within her and reaching out to find answer in another life. At this time, more than any other, the girl needs the brooding care of an enlightened father and of a loving mother."

"The mother who thinks that her daughter is able to look out for her-

self in forming her associates and attachments at this period of her life is ignorant of the forces that underlie the lives of men and women," was another one of the statements of Dr. McCuaig.

"The greatest tragedy in the life of a woman," declared the lecturer, "is the giving of her love to a man who cannot or should not be hers."

Tuesday afternoon Dr. McCuaig delivered one of his lectures to women on Eugenics. "The Care of the Boy" was the subject to which he directed his attention.

Absolute cleanliness of body, abundant outdoor exercises, careful cultivation of the home instinct, and wise teaching and development were the agencies indicated for the proper development of the boy.

SECRETARY.

A HORRIBLE SIGHT WAS CANKER SORES ON MAN'S MOUTH

His lips, tongue and throat also infected. Doctors ordered all his teeth pulled.

This did no good but he declares after 7 doses of Dreco the sores began to heal and now there's not a sign of one.

"One month ago I know I was a horrible sight with these canker sores on my lips, in my mouth and throat and on my tongue, but today I haven't a sign of one anywhere," are the words of Mr. Harry Lambert of New Lebanon, Ohio. Mr. Lambert is a bible student and devout member of the New Born Church.

"I had used many mouth washes for six months and didn't get any better, finally my doctor had me go to my dentist and pull all my teeth out, but that didn't help any. I bought a bottle of Dreco and when I had taken only 7 doses, the sores began to heal. I kept on taking Dreco and every day I could see improvement. My bowels began to act regular. My stomach seemed to be strengthened and my food digested better, giving off no gas, nor causing any pain. I could see that I was putting on flesh and feeling better all the time.

"I have taken four bottles of Dreco and am as sound as a dollar today. Have gained eight pounds; gotten rid of the sores; my bowels are regulated and I have a strong stomach again. To say I am happy does not express it and my Doctor is astonished at what Dreco did for me."

When the stomach gets out of order and the bowels become clogged, any number of things may happen, such as the above. Get your stomach in first class order by taking a few bottles of Dreco and see how your troubles will be overcome.

All good druggists now sell Dreco and it is highly recommended in Washington C. H., by Frank Christopher. adv.
